

DATES TO REMEMBER

Exploration Academy Newsletter

No Before or After School Exploration Academy on the following days:

March 12-16 (due to no school for spring break)

March 27 & 29th (due to parent/teacher conferences.

There will be morning EA on these 2 days)

March 30 (due to no school for comp day)

ACTIVITIES WE DID IN FEBRUARY

February activities included Tower Building with clothes pins and tongue depressors and clips. It was a challenge but they didn't give up. We explored with Playdough. Younger students made 1 dimensional shapes while older students used task cards to create 3-dimension shapes using Playdough and toothpicks. We rounded out February with a warm day and Chalk drawing. Several did Shadow drawings! Very Fun!

Our Homework time is helping students get homework done and reinforce reading and math skills.

February we started our Friday Club day. Clubs include: Re-decorating a doll house, Chess/Checkers Club, Computer Club, and Science Club. Doll House club is on hold while more planning is in the works. Computer Club is helping students learn the keyboard and typing skills while K-3 participated in a trial subscription to Reading Eggs. We are hoping to purchase the program. Science Club learned about Static Electricity, and Chemical Reaction with Elephant Toothpaste. We are looking forward to more fun days with our Clubs.

Lamoni Library continues to visit us weekly. We have read stories and engaged in literacy activities with the Library Staff.

Decatur County Conservation continues to bring activities twice a month. We enjoy their activities.

REGISTER YOUR CHILD FOR MARCH

To register your child for after school for February, please fill the form out on the school website under the Exploration Academy tab or at the following web address:
